It's cold outside i'm bundled up tight waiting for you
can you make my wish come true?
on a perfect day the snow falls away with the bright of
your lights fall into my heart

[c h o r u s]

and all i see is christmas lights in the sky searching
through the stars santas arrived. stay here please i
don't ever wanna see you leave on this holiday all that i
want to say is i want you here with me. with me. with
me.

[v e r s e 2]

it would feel so right with you here tonight we can
cuddle by the fire and fall in love all over again.
on this holiday i miss your smile and love you soft.
