I know it's hard
It's hard to find a place and where to start
You want to run, you want to hide
But something deep insides says dry your eyes

You see your worries, they'll be alright
Just look around you and see that love is winning the fight

You need a stone love
Oh nothing's gonna move you
See nothing's gonna break up a
Stone love
Oh everybody oughta have a stone love

It's hard to find
Sometimes it gets so hard to find a little piece of mind
You wander here, you may travel there
And you may find your troubles just too hard to bear

You see your worries, they'll be alright
Just look around you, see that love is winning the fight

You need a stone love
Nothing's gonna move you
Nothing's gonna break up a
Stone love
Oh everybody oughta have a stone love

I know it's hard
Sometimes it gets so hard to find a place to start
You want to run, you want to hide
But something deep insides says dry your eyes

You see your worries, they'll be alright
Just look around you, and see that love is winning the fight

You need a stone love
Oh nothing's gonna move you, nothing's gonna break up a
Stone love

Oh everybody oughta have a, everybody oughta have a
Stone love
Oh nothing's gonna move you, see nothing's gonna
break up a
Stone love
Oh everybody oughta have a stone love
