Whoooooo  
Whoooooo  
Ever since time began  
Man loves a woman  
Woman loves a man  
This is the way it was meant to be  
Through the pages, through the books  
Of our history

You, you, you  
Who do you love, who do you love, who do you love,  
now  
You, you, you  
Who do you love, who do you love, who do you love

One and one and one are three  
I love you, do you love me  
This is the place, now is the time  
Give me your love, and I'll give you mine

You, you, you  
Who do you love, who do you love, who do you love,  
now  
You, you, you  
Who do you love, who do you love, who do you love

This is simple, and it's true  
There's a shining light all around you  
You're the one, you're the fire  
You can make it higher and higher

This is the place, now is the time  
Tell me now darlin', will you be mine

You, you, you  
Who do you love, who do you love, who do you love

Put your arms around me  
Ah, hold me tight  
Ah, cuddle up darlin'  
Ah, in the still of the night

Ah, you are the one  
Ah, that I adore  
Ah, you are the one that I love so well

This is the place, now is the time  
Tell me now darlin', will you be mine

You, you, you  
Who do you love, who do you love, who do you love,  
now  
You, you, you  
Who do you love, who do you love, who do you love,  
now  
You, you, you  
Who do you love, who do you love, who do you love,  
now  
You, you, you  
Do you love me, do you love me, do you love me, now  
You, you, you  
Who do you love, who do you love, who do you love
