

## Summer Set "Punch-drunk Love"

Funny, cute and kissable  
I found a girl that makes me lose control  
Every night like the first night  
Never getting old  
Passed out on her bathroom floor  
Still drunk from the night before  
But when this party ends  
Wake up and do it again  
Knock me out  
Hit me with your punch-drunk love  
Got me figured out girl  
It's not enough, it's not enough  
Knock me out  
Hit me 'til you just can't stop  
It's what you're all about girl  
Just hit me with your punch-drunk love  
I like a girl that can take control  
Funny, cute and kissable  
I had it figured out, now my room is spinning 'round  
I'm not looking to settle down  
Just wanna mess around  
She walks like she knows what she's doing to me  
I said " all my friends think I'm crazy"  
When the weekend ends we'll do this again  
Yeah keep putting dirty thoughts in my head
