

Senator & The New Republic "Intermission"

Visit "[Intermission](#)" on [MotoLyrics.com](https://www.motolyrics.com)

Hold on, time's up, countdown, intermission
Big frown, thumbs down, broken hands, teeth are
missing
First data, shift weight, set straight, complications
Pull back, relax, syntax, TV dinners

You were worried there was something wrong
Here's your confirmation. Here's your confirmation
How does it feel when I say "Nobody needed me that
way"?
Nobody cares for you and I
Nobody cares for you and I

Project to spec., no fun, holy mission
Undressed, depressed, simplex, overeating
Long range exchange, distain, redeliver
It's me or she, possibly Cain or Able

You were worried there was something wrong
Here's your confirmation. Here's your confirmation
How does it feel when I say "Nobody needed me that
way"?
Nobody cares for you and I
Nobody cares for you and I
Nobody cares for you and I
