

My Morning Jacket "Dancefloors"

Daybreak, nightfall, long as I believe
There ain't nothing glowin' like this skin you're showin'
And the keys you gave to me

Night jails, pool halls, some things are everywhere
So for the past I'm diggin' a grave so big
It will swallow up the sea

Oh, I know that it's easy
There's no trouble waitin' for me
Oh, I know that it's easy
There's no trouble waitin' for me

Dance floors, headlights, in my blood there's gasoline
For an urban boy on a dirty tour
I never felt so clean

Loaded questions in an automatic world
Well, you just won't be seein' the things you need
As if you thought you would

Oh, I know, it's never easy
When there's trouble waitin' for me
Oh, I know, it's never easy
When there's trouble waitin' for me
