Honey, it's rotten and they got us so scared
Thinking there's some evil waiting under van
Whoo, I made a nasty decision
To love whoever I want just a whenever I can

Things they're saying
Evil urges, baby, they're part of the human way
It ain't evil, baby, if ya ain't hurting anybody
Evil urges, baby, part of the human way
It ain't evil, baby, if ya ain't hurting anybody, anybody

It's all the same, we're tired of waiting come on then
And dedicate your love to any woman or man
No racial boundary lines, no social subdivisions
If you want it you can

Well, we're not saying, I'm not saying that I want it
someday
Well, we're not saying, I'm not saying that I want it
somehow
Well, we're not saying, I'm not saying that I want it
someday, somehow
Woo, I'm ready for it now
(I'm ready for it now)

I'm ready for it now, I'm ready for it now, ready for it
I'm ready for it now, I'm ready for it
I'm ready for it now, I'm ready for it now

Things they're saying
Evil urges, baby, they're part of the human way
It ain't evil, baby, if ya ain't hurting anybody
Evil urges, baby, come on, bad is all the same, come
on now

It ain't evil, baby, if it ain't hurting anybody, anybody
Evil urges, baby, part of the human way
It ain't evil, baby, if it ain't hurting anybody, anybody
Anybody, anybody
