Wasting time, home alone, dotting your I's
Peanut butter pudding surprise
Ain't nobody care what's going on in your mind
But they got their eye on your prize

I'm highly suspicious, highly suspicious of you
I'm highly suspicious, highly suspicious of you

Now daddy's got you home alone, solving your crimes
Peanut butter pudding surprise
Ain't no jokin', smokin', strokin', tappin' your lines
Peanut butter pudding surprise

I'm highly suspicious, highly suspicious of you
I'm highly suspicious, highly suspicious of you

Wasting all your time on drama, could be solving real
crime
Waste away your mind too

Highly suspicious, highly suspicious of you
Highly suspicious, highly suspicious of you
Highly suspicious, highly suspicious of you
Highly suspicious, highly suspicious of you

Highly suspicious, highly suspicious of you
Highly suspicious, highly suspicious of you
Highly suspicious, highly suspicious of you
Highly suspicious, highly suspicious of you
