As I fed up these blunt blazes is the past to .. in here
every time that I smoke I think about everything go in
my mind
had a f*ck, I'ma pay these bills, in this damn heart I
keep callin
I know I miss the payments, but sometimes I wish I was
ballin
unidentified like being shit, so what nigga hustling
tryin to feed my family, but I'm still struggling
I grew up with no father 20 years of my life
so this is a life of shit, my mama had to sacrifice
every day I wake up, I try to it change
people say that I'm the same, I just got some different
ways
just the differences I've been through, the difference
shit I learned
shit like holding my own and never let my bridges burn
I've made a lot of mistakes, and ain't nobody perfect
but would I do it again, no we've been really working
like there's one thing puzzle, I bet I put it together
'cause I know I just can't grambling this pieces forever.

Hook:

'Cause this game is the sign
that if you look at you would fall
so I stay going on that prime
and then I just say f*ck it all
and even through all the hate
and the problems I stood up the sorrows
but you never lie yeah
ain't no differences for me 'cause I'm grinding
I'm gonna keep on shining,
I let the reclimbing
I put my above all.

It's understood need no explanation, so we don't speak
words
we just play chess to get..surviving these street world,
haters just wanna connect me, from my grind and put
my lights out
lips go on the same shit, try to avoid this connection

and on the nights out huh
friends turn the foe when you're up you dough, and
you don't let them use you
but nobody wanna be around you when you ain't got
shit so this was a lose, lose
grown man want me to hard and handin this shit but I
refuse to,
I got a family and I gotta eat too so who you think I'm
gonna choose
my struggle young when it..
looking cups.., at the same time it gets service to the
niggas and the G ..no payment
f*ck friends 'cause they come and going most
and wasn't friend to begin with
me prove look around when you ain't got shit and
nothing to spin with
that's why keep the business, tired of me enough of
losin
is your Prada giving my money, I keep rock nigga
duices,
and keep it moving, I'm own to my next hit,
whether is the music or the ..gonna get..

Hook:

'Cause this game is the sign

Sometimes I smoke kid just to take my mind up the
motherf*ckers I had to murb
I hadn't fast 7 and I had to move it and I put the .. in his
ass
'cause he's sayin he's.. out the murb,
had all the purp, had all the cold cookin on the..when I
got to the crib,
livin in his head, livin in the shot to the risk,
I forgot to mention the image of garage of me,
got his mom and his kids,
tired of and I really wanna do is so don't make me,
and I used to make a stane with this 38 pain
niggas think is a game but it ain't G
pretty and nobody change nigga f&ck; em with the..
niggas we begin the 28..

in the hood we got some faze, the police to shade
real G's know what I'm talking about
boys come a nigga thought it would..
thought it would..I thought the drop of your drolls
everything ..a nigga and tryin to beat the loss
came up on a block 17 above, and the rip for calls,
let me be the turned up and the.. to turn up
and the.. I'm just thug be just to get me to the..
selling work and white man they can't work us,
never get a shit, never gave a fuck
got a ..slamp, never is enough
rock at the white and the pirate while I got a white girl
get a ..nigag the truck,
stood it on the term make the old niggas kids rock city
for
..got the zip and the zip is..when I hit the..run
