I was gone before we hit the ground
It's always why you should but you spit around
He might be out for the [?] take him down
Now I ain't sleeping 2 weeks I'm up like I'm [?]
Man it's hard day to get paper up when you beefing
Niggers know my face, niggers know my name
Where I stay it
If they gonna pick it [?] they gonna be patient, they get
they payback
Fuck the sitting duck we just gonna creep up and go
where they saying
[?] get the message, I'm gonna relay that
I got 5 thousands, a couple houses and plenty furnace
brow
Tv and a microwave [?]
And my homie sister, [?] the shit I be serving
It's like we feed each other addictions
I'm out here earning a living off a killing my own
[?] the stone, niggers gonna listen
Cause I'm living this shit in my song
If I should die before I wake up just know [?] shot me in
my face
Cause I'm a motherfucking gangster

And I move through the day, carry on through the night
What I do to get paid, anything to get by
And I move through the day, carry on through the night
What I do to get paid, anything to survive

Young black dollar [?] forgot season to polish
[?] to all my [?] with the queen from hollers
[?] trying to maintain the bombers
But it's kinda hard when niggers that's sworn to be
[?] just can't maintain excellence
[?] if they are homicide
Let them face suicide [?]
Who am I? it's the one and only [?] work [?]
Get your work to you asap, you the dodge
These other niggers telling fairy tales, but we the gods

And I move through the day, carry on through the night

What I do to get paid, anything to get by
And I move through the day, carry on through the night
What I do to get paid, anything to survive.
