I'm so poured up tonight  
It's just me and this highway  
I'm just driving  
Don't know where I'm going tonight  
If you see my eyes then, you will say I'm wildin'  
Cause I'm on a lowrider in this four door  
Got a cup full of liquor and my eyes so low  
I don't know where I am going tonight  
Baby I am just riding, riding, riding

[Verse 1: Freddie Gibbs]

Uh, feel like I'm downin in this Polly house  
Less than forty dollars to my name. boy, whatchu know  
about  
Ratchets and ski masks, thugs with drug habits  
Babies [?]  
And the place I reside, really ain't shit to do but get  
high  
All the way from the crack house to the church  
Everybody doing dirt to get by  
I just do mine, all bout my loaded dawg  
I just fell off when I'm back on it it's fuck all y'all  
And all the broads, just to diss a nigga  
You too broke to buy gifts for Christmas nigga?  
Thought she was down but she dippin' off with a  
different nigga  
That hurt my heart so bad made me wanna load my  
clip  
Find where this buster stay and [?] him smoking over  
my bitch  
I'm choking smoking this zip, shoulda been selling that  
Smoking three fives every hour yea them [?]  
Straight to the head with the gat  
Straight with the pop to the powder  
Hoping I catch a blast  
And might catch it straight from my [?]
