Just yesterday when I was faced
Get up and on or be misplaced
Tomorrow or until my end
Come make or break - I tend to bend

Hey! Hey! Last night I think when I was forced
To reevaluate everything that I've endorsed
Then separate what's left from right
I think that all went down last night

Finally Finally! Finally I was forced to face
Another first for me
Finally I was forced to face
And for the first time finally, I can see
Finally I can see so clear and
For a moment don't mind me
Finally I was forced to face
Finally I was forced to face my fears

Hey! Hey! Today at some point I awoke
Got up and finally got the joke
Got up the nerve to face me. finally force a change
To say the least, today's been strange haha
Tonight I'll finally just relax
Proud having finally faced the facts
The facts forced me and I've concluded
Tomorrow I'll be less polluted

Finally Finally! Finally I was forced to face
Another first for me
Finally I was forced to face
And for the first time finally, I can see
Finally I can see so clear
For a moment don't mind me
Finally I was forced to face
Finally I was forced to face my fears
Forced to face my fears Finally!

Finally! finally finally finally
Finally! finally finally Finally!
Finally I was forced to face

Another first for me Finally I was forced to face
And for the first time finally, I can see
Finally I can see so clear
For a moment don't mind me
Finally I was forced to face
Finally I was forced to face my fears Hey!
