Oh it's been such a long long time looks like I could get
you off my mind
Oh but I can't just the thought of you turns my whole
world a misty blue

Just the mention of your name turns the flicker into a
flame
I think of things that we used to do then my whole world
turns misty blue

I should forget you heaven knows I've tried
But when I said I'm glad we're through my heart knows
that I've lied
Oh it's been such a long long time...
Oh just the thought of you turns my whole world a misty
blue
