[Chorus]:

Nah Nah Nah - Nah Nah Nah Nah
Nah Nah Nah Nah Nah Nah Nah Nah Nah Nah

Nah Nah Nah - Nah Nah Nah Nah
Nah Nah Nah Nah Nah Nah Nah

I'd rather you didn't then did, I'd rather you didn't get
rid
Of me at that age, such a young awkward stage
That is not what you do to a kid

[Chorus]

If this is the case, let us cut to the chase
I'm so sorry I never let go
I went to the doctor, the kind that you talk to
And he said the process is slow

[Chorus]

I'd rather you hadn't then had, if you hadn't I wouldn't
be mad
At what I've been handed, despite it I've landed
On both feet so don't worry dad

[Chorus]

Now that I've said it, lets try to forget it
I don't want to trash your good name
Trash mine if you'd like to, I'm sure you'd be psyched
to
Remember - Our name is the same!

[Chorus x2]
