Smack dab in the eye of the storm
Quite all right just with the strength and size of it
I'm not sure what created this storm
I feel safe in the eye of it now
The comotion arround me astounds me
Tommorow brings a sollace which grounds me
I've got both of my feet on the ground
I'm not sure where to look for my head
But tranquil matters I've found
Or maybe it's found me insted
Too late ride it out
In my safety and on the inside
Just wait hide the doubt
I'll just wait and relax on the ride
I don't wanna run from my future
But I'm sure gonna run from my past
Today I'm just gonna stay here
And pray that the way that I feel will last
If it lasted forever I know
The last thing I'de do would be run
Today I'm just gonna stay here
And pray that the day is never done
Too late ride it out
In my safety and on the inside
Just wait hide the doubt
I'll just wait and relax on the ride
Am I on my own?
You might think that you are but you're not
Am I all alone?
What you ask for is just what you got
Well I know that the day has to end
And I'm sure that the storm will go past
While I'm here in the eye and the day's goin by
I'll enjoy the feeling I feel while it lasts
If it lasted forever I know
The last thing I'de do would be run
Today I'm just gonna stay here
And pray that the day is never done
Too late ride it out
In my safety and on the inside
Just wait hide the doubt

I'll just wait and relax on the ride
Am I all alone?
You might think that you are but you're not
Am I on my own?
What you ask for is just what you got
