When I will play it to your mind
When nothing tells you twice
Tells you twice

Then I am walking through the rain
No one can just sacrifice my life
Not myself

Ref: And noone can just stop me
If I want to be myself
And noone can just stop me
If I really know myself
So now
Noone can just stop you
If you know what you wanna
And noone can just stop you
If you realize

SOUL
YOUR BLACK SOUL

Then I?m still walking through the rainbow
Noone can to tell my way now

Who to be

Then I?m still waiting for the time
When you?ll be talking to yourself
Like it used to be

Ref: And noone can just...

Three candles on a table and a warplan in a head
Great insight in a future All what I see is just there

Almost full moon on the sky Black riders coming home
Tonight
Don?t you see my sister burning down Don?t you see
my
Brother dying young

Do you think everything's just allright
Then curse on you
CURSE ON YOU
