[Intro]

Token on some good green with a cup of purple
Token on some good green with a cup of purple
Token on some good green with a cup of purple
Token on some good green with a cup of purple
And we know it yeah
And you know it yeah
And we know it yeah
And you know it yeah

[Verse 1]

And I know that you smoke
I know that you broke
On that dirty sprite with ice, you know that good purple
potion
I wrote this shit for my homies who checked out before
me
I blow this doja, smoke away, cause every day we be on
it
And we know it crack a seal, pop a pill
Now we rollin drop my top and grip the wheel
Im slow motion stack a hundred dollar bills
I cant fold it, nah I cant fold it, nah
And yo, I hope you know that Im thuggin
Hope you know that Im rollin dope
Styrofoam stay muddy, pourin up til I overdose
Smokin on those Woods
We dont fuck with them Swisher Sweets
Only mess with them gaudy bitches
Them bougie bitches dont interest me
Hope she know she gon get it
Hope she know she gon give it up
Say she stay with a nigga
Hope she know I dont give a fuck
Know I stay with that pack
Sixteen and that wax
Throw it up as we blow it up
And blow big dope in that Lac

[Hook]

And we know it yeah

And you know it yeah
And we know it yeah
And I hope you know this stuff
Cause we smokin purple up
And we know it yeah
And you know it yeah
And we know it yeah
And I hope you know this stuff
Cause we smokin purple up

[Verse 2]

Eyes hella red, got my thing from California
Stepped out LAX and got some more head in the Rover
Used to do the usual with the piff cause I was chokin
That purple pineapple fan and now my Styrofoam is
golden
This is for my niggas, promethazine sippers
Spike the Ocean Spray, I aint really trippin on the mix,
Im with it
Set it up for all all my niggas
Blowin haze, I love my niggas
Hoes down and the real Gs up
Imma pour another cup til Im up there with ya
Cause I know, I know, I know

[Outro]

And I know that you smoke
I know that you broke
On that dirty sprite with ice, you know that good purple
potion
I wrote this shit for my homies who checked out before
me
I blow this doja, smoke away, cause every day we be on
it
And I know that you smoke
I know that you broke
On that dirty sprite with ice, you know that good purple
potion
I wrote this shit for my homies who checked out before
me
I blow this doja, smoke away
