[Intro]

I know that life is short  
But we can't move too fast

[Verse 1: Freddie]

Hit the block, dressed in white, same Bo Jackson Nikes  
Call my partner Mike, copped a pint, put fo' in my Sprite  
55 a line, that's aight cause I'm 'bout that life  
Pussy on my mind, bitch you tired, it's that mouth  
tonight  
Weed and waffles in the morning  
Downtown Chicago, smoking on some shit that I  
imported  
? light up a J, sometimes she like to snort it  
And shit was too dry with that Tony, bitch now I'm  
reloaded  
Bitch I'm reloaded  
And I'm chopping up the hard, dopeboy I played my  
part  
Fuck with the gangsta type, ain't got no stripes, them  
user marks  
Smoking Carolina Blue fresh out the Carolina parts  
? gunplay in the day, just might be safer in the dark  
And this Glock ain't got no safety, the owner got no  
patience  
So please don't make my finger and this trigger make  
relations  
Said this Glock ain't got no safety, straight make yo ass  
a patient  
Guess I'll slang until my grave or take that federal  
vacation  
Nigga, nigga

[Bridge]

I know that life is short  
But we can't move too fast

[Hook: Freddie]

These niggas want it so I'm chopping up the hard, I'm  
chopping up the hard  
These niggas say they want it so I'm chopping up the

hard  
Said I'm chopping up the hard, I'm chopping up the  
hard  
These geekers say they on it so I'm chopping up the  
hard, nigga

[Verse 2: Freddie]

Whip the crack, dressed in black, just picked up a pack  
Feeling great, dropped some 28s, got 'em jumping  
back  
Jumping up, what the fuck, G.I. they don't fuck with us  
Most these niggas out the Mid wasn't breathing 'til I  
bust a nut  
Rob a nigga, father figure, dope house was my college  
nigga  
Plus my part time job didn't make no dollars, I'm a  
water whipper  
See through you like windows, basis of your heart is  
artificial  
Mob of hungry niggas like we came straight out of  
Mogadishu  
What's the issue? Stack full of pancakes and my pistol  
Shit official, when you see the police, nigga hit that  
whistle  
They out to get you, so fuck all my opponents  
They can peel me off this corner cause I knowâ€¦!

[Hook]

These niggas want it so I'm chopping up the hard, I'm  
chopping up the hard  
These niggas say they want it so I'm chopping up the  
hard  
Said I'm chopping up the hard, I'm chopping up the  
hard  
These geekers say they on it so I'm chopping up the  
hard, nigga

[Verse 3: Dana]

I know that life is short  
(Life's short, know what I'm saying, you gotta get  
moving, know what I mean)  
But we can't move too fast  
(Know what I'm saying, I ain't tryna run a race or no shit  
like that, you know)  
Cause if we go right now  
(Nigga just tryna get out here and chop, chop it up and  
get mine, you know  
Piece of the pie)  
It will never last  
In the morning

And everything is cold  
It's a new day  
And all of it is beautiful  
?

[Freddie]  
Just let me make it to another moment [x4]

[Hook]  
These niggas want it so I'm chopping up the hard, I'm  
chopping up the hard  
These niggas say they want it so I'm chopping up the  
hard  
Said I'm chopping up the hard, I'm chopping up the  
hard  
These geekers say they on it so I'm chopping up the  
hard, nigga
