(original song by slapshot)

Stick that needle right through your arm, do everything  
that does you harm  
So you're lying there on the floor, see ya staggering  
out the door  
Try it and you like it and you know you can, take it on  
Take your real life till you soon discovered where you  
are,  
You don't know, so you're at the bottom with a nose full  
of blow  
Don't know what you're doin to me, so you're lying  
there so helplessly  
Get yourself back up before it's too late, or a life of  
pain will be your fate  
You don't care about anyone, just as long as you have  
your fun  
Or as long as you get your fix, now you're taking a  
deep six  
Try it and you like it and you know you can take it on  
Take your real life till you soon discovered where you  
are,  
You don't know so you're at the bottom with a nose full  
of blow  
Don't know what you're doin to me so you're lying there  
so helplessly  
Get yourself back up before it's too late or a life of pain  
will be your fate  
Higher baby, get higher baby, get higher baby, don't  
ever come down don't do it!  
Now you try it and you like it and you know you can  
take it on  
Take your real life till you soon discovered where you  
are,  
You don't know so you're at the bottom with a nose full  
of blow  
Don't know what you're doin to me so you're lying there  
so helplessly  
Get yourself back up before it's too late or a life of pain  
will be your fate  
What's at stake [4x]
