Write it all in put it all in cause I want to know

I'm leaving town tomorrow don't know how long I'll be
gone
I know you and the baby will have to work it out all alone
So won't you write me all this on your mind things you
do places you go
Write it all in put it all in cause I want to know

If your side of the bed gets lonesome where you sleep
every night
And if you miss my lips that kissed you and my arms
that held you tight
And if you wake up every morning loving me missing
me so
Write it all in put it all in cause I want to know

Write me all about the baby when he walks how much
has he grown
Don't forget to say I love him not he's the man now
daddy's gone
We'll make believe we're still together that I never had
to go
Write it all in put it all in cause I want to know
