So here's what happend this time
I'm sure that it's the last time
I'm over going , over it
It's over once again.
What am I gonna do with me
I blew the oppertunity
By saying something ass and I've
Gotta wash this mouth of mine.
I sure said the wrong thing right then
Try to forgive
I'll never say that again
As long as I live.
As I remember the events
I'm trying hard to make some sense
My mouth is my archnemisis
You'd think that I'd be used to this.
Nothing nice to say, sticks and stones
I blew it now and I'm all alone
Let me take you back I was only joking
My mouth is shut but my heart is broken.
I sure said the wrong thing right then
Try to forgive
I'll never say that again
As long as I live.
I sure said the wrong thing - Right then I said the wrong
thing
I sure said the wrong thing - Right then I said the wrong
thing
I sure said the wrong thing - Right then I said the wrong
thing
I sure said the wrong thing right then.
(solo)
I was way ahead and I should have quit
Instead I put my foot in it
My mouth I hold responsible
What I need now's a miracle
So that's what happend this time
No question it's the last time
If I can hide this one with the skin
I'll mind the mouth that got me in
I sure said the wrong thing - Right then I said the wrong

thing
I sure said the wrong thing - Right then I said the wrong
thing
I sure said the wrong thing right then
Try to forgive
I'll never say that again
As long as I live.
