"I Love Loving You"

Visit "[I Love Loving You](#)" on [MotoLyrics.com](#)

I don't like the way you steal the covers at night
I don't like the way you wash the colors with white
I hate all the silly things that make us fight
But I love loving you

(chorus)

I love the way you are what I'm not
I love the way we fit together
I love the end of every day with you
For worse or for better
Oh I love, I love loving you

You don't like the way I try to tell you how to dress
Or the way I say the house is a mess
Dirty dishes, unmade bed and you could care less
But I love loving you
Oh, I love loving you

(chorus)

I love the way you are what I'm not
I love the way we fit together
I love the end of every day with you
For worse or for better
Oh I love, I love loving you

I love the way you are what I'm not
I love the way we fit together
I love the end of every day with you
For worse or for better
Oh I love you
Oh I love you
I love, I love loving you

I love loving you
