Hey now, Hey now now
Hey now, Hey now now

I know just where you'll be
Whatever comes along
As long as you're here
Nothing can go wrong

No matter what you do
You'll know just where I'll be
Standing up for you
Just like you do for me

Hey now hey now now
No matter what you do
Hey now hey now now
I'm always here for you
Hey now hey now now
No matter what I do
Hey now hey now now
You're right here for me too

You're always by my side
Whenever you may be
I know that if you can
You're there for me

And if you need a hand
Or just a voice to say
Wherever I am
I'm with you anyways

Hey now hey now now
No matter what you do
Hey now hey now now
I'm always here for you
Hey now hey now now
No matter what I do
Hey now hey now now
You're right here for me too

You need an ear?
You can call me
Or if you need somebody near
Never fear, man, it's all me
I'll be there buddy-really
Need a joke?
Knock-Knock
Who's there?
Me, silly
Need some time?
Tick-tock
We can talk 'round the clock
Need a friend?
Yeah we all do
I got you
Even far away
We're never apart
You've been waiting from the start
In the middle of my heart

Hey now hey now now
I'll be here for you
Hey now hey now now
I'll be here for you

Hey now hey now now
No matter what I do
Hey now hey now now
I'll be here for you
