Get yourself on the dance floor right now
get your music on i know you know how
let the rhythm take over your two feet
there's nothing like a fine fresh beat
just grab a friend and go
let's play

Chorus: Music that really keeps me movin'
let's get going, alright
our smiles are showing
music that puts the groove in what your doin'
let's get excited, alright
don't try to fight it
we play in harmony
in the key of you and me
it's music

Let's play a little game of knock-knock who's there
it's your favorite tune, roll o'er all your cares
got a crazy dance that wants to come out
there's no better time, oh then right now
just grab a friend and go
let's play

[Repeat Chrous]

Strum strum pick up the drum
bat-tum, bat-tum start that jam
sing out loud
twist while ya shout
that's what music's all about
strum strum pick up the drum
bat-tum, bat-um start that jam
sing out loud
twist while ya shout
that's what music's all about

Music that really keeps me movin'
let's get it going, alright
our smiles are showing
music that puts the groove in what you're doin'

let's get excited, alright
don't try to fight it
we play in harmony, (play in harmony)
in the key of you and me
it's music
