When I feel what I feel
Sometimes it's hard to tell you so
You may not be in the mood to learn what you think you
know
There are times when I find
You wanna keep yourself from me
When I don't have the strength; I'm just a mirror of
what I see
But at your best you are love
You're a positive motivating force within my life
Should you ever feel the need to wonder why
Let me know, let me know
Know, let me know
When you feel what you feel
Oh, how hard for me to understand
So many things have taken place before this love affair
began
But if you feel, girl, like I feel
Confusion can give way to doubt
For there are times when I fall short of what I say,
What I say I'm all about, all about
But at your best you are love
You're a positive motivating force within my life
Should you ever feel the need to wonder why
Let me know, let me know
Tell me what it is (Tell me what it is)
There's no need to make believe
(Make believe, no need to make believe)
Look beyond your world (Look beyond your world)
Try and find a place for me (Try and find, a better
place for me)
Cause at your best you are love
You're a positive motivating force within my life
And if you ever feel the need to wonder why
Let me know, let me know
Let me know 3x
Know...
Stay at your best, baby...
