Though I tried before to tell him  
All the feelings I have for him in my heart  
Everytime that I come near him  
I just loose my nerve as I've done from the start  
(Chorus)  
Coz every little thing he does is magic  
Every thing he does just turns me on  
Even though my life before was tragic  
Now I know my love for him goes on  
Do I have to tell the story  
Of the thousand rainy days since we first met  
It's a big enough umbrella  
But it's always me who ends up getting wet  
(Repeat Chorus)  
I resolve to call him up  
A thousand times a day  
And ask him if he'll marry me  
In some old fashioned way  
But my silent fears have gripped me  
Long before I reached the phone  
Long before my tongue has stripped me  
Must I always be alone  
(Repeat Chorus)  
Every little thing  
Every little thing he does  
Every little thing he does is magic, magic, magic
