I hear you're taking the town again  
Having a good time.  
With all your good time friends.  
I don't think that you think of me.  
You're on your own now.  
And I'm alone and free.  
I know that I should get on with my life.  
But a life lived without you could never be right.

As long as the stars shines down from the heaven.  
Long as the rivers run to the sea.  
I'll never get over you gettin' over me.

I tried to smile so the hurt won't show.  
Tell everybody  
I was glad to see you go.  
But the tears just won't go away (won't go away)  
Loneliness found me.  
Looks like it's here to stay.  
I know that I ought to find someone new.  
But all I found is myself always thinkin' of you.

As long as the stars shines down from the heaven.  
Long as the rivers run to the sea.  
I'll never get over you gettin' over me.

oh... No matter what I do.  
It's just a lifetime to live through.  
I can't go on like this. (I need your touch)  
You're the only one I ever loved...

And as long as the stars shine down from the heaven.  
Long as the rivers run to the sea.  
I'll never get over you gettin' over me.  
I'll never get over you gettin over.  
Never get over you... gettin over.  
I'll never get over you gettin' over me.
