You would always ask me
Those words i say
And telling me what it means to me

Every single day
You always act this way
For how many times i told you
I love you
For this is all i know

Come to me and hold me
And you will see
The love i give
For you still hold the key

Every single day
You always act this way
For how many times i told you
I love you
For this is all i know

Chorus:
I'll never go far away from you
Even the sky will tell you
That i need you so
For this is all i know
I'll never go far away from you

Come to me and hold me
And you will see
The love i give
For you still hold the key

Every single day
You always act this way
For how many times i told you
I love you
For this is all i know

Chorus
I'll never go far away from you

Even the sky will tell you
That i need you so
For this is all i know
I'll never go far away from you

Chorus 2x
