Who'd have thought this is how the pieces fit  
You and I shouldn't even try making sense of it  
I forgot how we ever came this far  
I believe we had reasons but I don't know what they are  
So blame it on my heart' oh

Love moves in mysterious ways  
It's always so surprising  
When love appears over the horizon  
I'll love you for the rest of my days  
But still it's a mystery  
How you ever came to me  
Which only proves  
Love moves in mysterious ways

Heaven knows love is just a chance we take  
We make plans but then love demands a leap of faith  
So hold me close and never ever let me go  
'Coz even though we think we know which way the river  
flows  
That's not the way love goes' no

'Repeat chorus'

Like the ticking of a clock two hearts beat as one  
But I'll never understand the way it's done' oh

'Repeat chorus'

"Love moves... in mysterious ways....
