Love was a lighthouse guiding the way
We were two boats of the ocean
Following shadows that led us astray
Case of mistaken emotion
Suddenly you've drifted back to arms
And while we were lost in the dark
Love stood still
Movin' us together
Love stood still
Leading us towards each other
Now we're back at the start
Coz while we were apart
Love stood still
Love was a fire burned down to the coast
Waiting for something to spark
We were two fireflies drawn to the glow
Singing you lit the flames in my heart
Love stood still
Movin' us together
Love stood still
Leading us towards each other
Now we're back at the start
Coz while we were apart
Love stood still
I had my reasons for letting you go
But holding you again, I know
Love stood still
Movin' us together
Love stood still
Leading us towards each other
Now we're back at the start
Coz while we were apart
Love stood still
Now you ask me to say
I'll always feel this way
Now then nothing has ever changed
Love stood still
Movin' us together
Love stood still
Leading us towards each other
Now we're back at the start
Coz while we were apart

Love stood still
