I see you beside me
It's only a dream
A vision of what used to be
The laughter, the sorrow

Pictures and time
Fading to memories
How could I ever let you go?
Is it too late to let you know?

I tried to run from your side
But each place I hide
It only reminds me of you
When I turn out of the light
Even the night
It only reminds me of you

I needed my freedom
This what I thought
But I was a fool to believe
My heart lied while you cried

Rivers of tears
But I was too blind to see
Everything we've been through before
Now it means so much more

I tried to run from your side
But each place I hide
It only reminds me of you
When I turn out of the light
Even the night
It only reminds me of you

Only you
So come back to me
I'm down on my knees
Boy, can't you see?

How could I ever let you go?
Is it too late to let you know?

I tried to run from your side
But each place I hide
It only reminds me of you
When I turn out all the light
Even the night
It only reminds me of you, you
Only reminds me of you
