just walkin' around the alley
to see all the beauty around me
i've been to many places
to find me some solace

and then i took one glance
it stopped me and caught my attention
and then you looked at me
i felt my knees weaken

how could i miss those eyes that melt my heart away
you got a smile that brightens til' the end of day

with a silence you getting closer
i catch my breath
i catch my breath
you're an angel in disguise
so perfect
so perfect love
i wanted this on my life

i wonder what could bring us closer
i don't want this dream to be over
another day goes by
i search for that beautiful smile

and then i took one glance
it stopped me and caught my attention
and then you looked at me
i felt my knees weaken

how could i miss those eyes that melt my heart away
you got a smile that brightens til' the end of day
with a silence you getting closer
i catch my breath
i catch my breath
you're an angel in disguise
so perfect
so perfect love
i wanted this on my life

how could i miss those eyes that melt my heart away

you got a smile that brightens til' the end of day

with a silence you getting closer
i catch my breath
i catch my breath
you're an angel in disguise
so perfect
so perfect love

how could i miss those eyes that melt my heart away
you got a smile that brightens til' the end of day

with a silence you getting closer
i catch my breath
i catch my breath
you're an angel in disguise
so perfect
so perfect love
i wanted this on my life
