You're so bad but I wanna taste
A little taste you have
Come on over, right now, take me down
I want your poison

I thought this was just a phase
But every day, I slip, starting over
You crawl through my skin
And I let you in

A little taste
Ou-ou (Ou-ou-ou-ou)
A little taste
Ou-ou (Ou-ou-ou-ou)
A little taste
Ou-ou (Ou-ou-ou-ou)
A little taste
Ou-ou

Oh, how you give me chills
Hold my breath til it kills me
Come on, tear me apart
I'll rest in peace, yeah

Don't stop, I haven't had enough
You're mine til the sun comes up
I can't have just one, one

A little taste
Ou-ou (Ou-ou-ou-ou)
A little taste
Ou-ou (Ou-ou-ou-ou)
A little taste
Ou-ou (Ou-ou-ou-ou)
A little taste

A little taste
Ou-ou, ou-ou, ou-ou

Baby, I'm afraid
But I like being frightened

Baby, what's the deal us?

Tip toe 'round the idea
I pose like a convict
I pretend this isn't life

Baby, I just want your lovin'
(I, I, I, I, I)
Baby, I just want your lovin'
(I, I, I, I, I)

A little taste
Ou-ou (Ou-ou-ou-ou)
A little taste
Ou-ou (Ou-ou-ou-ou)
A little taste
Ou-ou (Ou-ou-ou-ou)
A little taste

A little taste
Ou-ou, ou-ou, ou-ou

A little taste
Baby, I just want your lovin'
Ou-ou (I, I, I, I, I)
A little taste
Baby, I just want your lovin'
Ou-ou
