I can't have you but I want you
Things aren't clear when you're around me
You are trouble and I'm not helping
Baby, it feels so good to me

I can't see you facing forward
Cause those blue eyes have got me going
And you are crazy when I'm no better
It feels so damn good when we're together

I know this maybe wrong
And cause a lot of harm
I want the fire to start

So, let's take a polaroid picture
Polaroid picture, polaroid picture
Cause I know I'll miss ya
I know I'll miss ya
Baby, I'll miss you

Shouu-bop, bop

Know you carry lots of baggage
And all of mine, locked in storage
Please oh, give me but can you kiss me
Without worry of the morning?

I know this maybe wrong
And cause a lot of harm
I want the fire to start

So, let's take a polaroid picture
Polaroid picture, polaroid picture
Cause I know I'll miss ya
I know I'll miss ya
Baby, I'll miss you

Let's take one of your candy
One of your laughin'
One of your happy
Baby, we're damaged

And I don't know magic
And I know I'll miss you

I wish I could take a pill
To give me what you make me feel
I guess I'll just take one still
To sleep and dream it real

So, let's take a polaroid picture
Polaroid picture, polaroid picture
Cause I know I'll miss ya
I know I'll miss ya
Baby, I'll miss you

Let's take one of your candy
One of your laughin'
One of your happy
Baby, we're damaged
And I don't know magic
And I know I'll miss you

Shou-bop
I'll miss you
Shou-bop
Oh, I'll miss you
