I like being left alone
I like chocolate pie , clear blue sky, and a glass of cold
De' ron
I like summer and I like fall, I like music but most of
all....
I like being left alone

Talkin' bout sales reps
Talkin bout the government
Talkin bout the children
And I'm talkin bout you, ooo ooo ooo
My time is like a sweet plum
Everybody wants some
I'd rather be lonesome
I'd rather be bluuuue

I like being left alone
I like to get away from the P D A, the traffic and the
telephone
Don't care how little or how much I learn
If I can get one thing in return
I like being left alone

Solo
Don't have to sit and hold hands
You already got the gold band
Say I'm talkin like an old man
Maybe that's true
Whats the harm of sit and think some
At worst a little wisdom
You can paint the town crimson
I'll just stay blue

I like being left alone
I like chocolate pie , clear blue sky, and a glass of cold
De' ron
I like water, I like air, I like space but not to share
I like being left alone

I like summer and I like fall , but the thing that thrills me
most of all...

I like being left alone.....
