Yeah, yeah, yeah, yeah,
Whoo! Câ'mon!
Come on and dance now! Can you feel it?

People are you ready to party with TSC?
A girl got soul wanna rock and roll
Come dance with me
You gotta groove to the music
Gotta get up off your feet
Can you feel the beat?

Can you see there are people everywhere?
Coming together with one thing to share
Moving as one, smooth and strong
and together we'll dance all day long
Come on now

come on dance now, feel the beat!
All you need is music, nananana!
Come and dance now, feel the beat
all you need is music

People yeah were feeling great
since it all began
gotta keep it going on yeah
And do it all over again
gotta keep on dancing
keep it up and dance the whole day through
that's all you got to do!

The room feels electric
there's magic in the air
Forget about the world and boogie like you just don't
care
Feel the music pounding
Right down into your soul
Surrender to the drums and let the rhythm take control!

Come on dance now
Feel the beat
All you need is music, nanana!
Come dance now

Feel the beat
All you need is music

Wave your arms up in the air
And shake it like you just don't care
Wave your arms up in the air
And shake like you just don't care

I say whoo!
I say wah!
I say yeah!

Put your arms in the air and clap your hands

come on dance now
Feel the beat
all you need is music, nanana!

Come on dance now
Feel the beat
all you need is music, nanana!

Come on dance now
Feel the beat
all you need is music, nanana!

Come on dance now
Feel the beat
all you need is music, nanana!

Come on dance now
Feel the beat
all you need is music, nanana!
