You took your heart.  
And broke down the wall.  
Even though I thought that I had seen it all.  
The waters still.  
It looks so clear.  
I'm gonna get lost inside it, I will disappear.  
But now I only wanna hide away.

Chorus

Don't wake me I'm in deep.  
Don't break me I feel weak.  
I've tasted now I'm wasted and I can't let go.  
Your love is all I wanna know.

And I pray beyond the stars.  
That you and me will stay just like we are.  
And I don't care if it's all a dream  
But that's where I am and where I wanna be.  
But now I only wanna hide away.

Chorus

Don't wake me I'm in deep.  
Don't break me I feel weak.  
I've tasted now I'm wasted and I can't let go.  
Your love is all I wanna know.

And I can promise you anything.  
Cause I don't know what love's gonna bring.  
So stay with me in this dream.  
Cause when I come around when I come around.  
All might be another way.

Chorus

Don't wake me I'm in deep.  
Don't break me I feel weak.  
I've tasted now I'm wasted and I can't let go.  
Your love is all I wanna know.

You took your heart.  
And broke down the wall.  
Even though I thought that I had seen it all.
