

Fuzz Fuzz Machine "Beyond"

Visit "[Beyond](#)" on MotoLyrics.com

The world is so big
And I don't wanna know it
Just through my TELEVISION

Prejudices kill
What really has a meaning

I'm ready to feel the pain
Because I know that there will be the prize
I'm looking for something
I know
I know I have to get beyond the wall!

Prejudices kill
What really has a meaning

I had to forget that
You were my best friend
Now it's time to kill
Your worst enemy

So blind
How can you be
So blind
How can you be
So blind

So blind
How can you be
So MOTHERFUCKING blind
How can you be
So blind
