Hay! Hay!

Violence invasion  
I don't wanna hear  
Misery, frustration  
This is the time of fear

Now I have a little present for you  
There will be a change

Cannibal! f!ck! , -! , !  
f!ck! , -! , ! Boomerang

Sooner or later  
you will pay for your crimes  
meanwhile you can survive  
in your world of sorrow  
Know the rage will always be  
stronger than you motherfucker  
MOTHERFUCKER!!!!

Where I'm going? (Where to go?)  
where will I go?  
Where I'm going? (Where to go?)  
where will I go?  
Where I'm going? (Where to go?)  
where will I go?  
Where I'm going? (Where to go?)  
where will I go?
