yeah check it out

Alot of people be asking me, "yo lil' what the fuck is a nicklebag?"

I'm gonna break it down to you like this:

A nicklebag is a fuckin' hoe that sucks dick,  
and swallows cum, and cheats on her man, and takes it  
up the butt

Breakin' it down to you like this:

When I'm up all these hynas vaginas  
baby you the finest roamin' in my city  
givin up the kitty do-wah-diddy  
Even when we fuck I can see it in your tity  
See the situation about to turn wild  
take you to the crib, we can fuck all night right?  
Giving me the look of a crook but wait,  
Dress up in some bullshit  
now you want to hate?  
But it ain't even like that,  
plus i got that feeling,  
but you don't want to fight that look up at the ceiling  
Lay your head back and twist your legs back,  
freaky little bitch how I bet you love that  
Now lay back and enjoy all the rest  
While the sicc will be the status  
tatted on my chest  
bye bye baby thank you for the skins  
Catch you on the rebound the party never ends

[Chorus]

Nicklebags (got them all sprung)  
Nicklebags (jocking Mr.Lil'One)  
Nicklebags (roamin' in my city)  
Nicklebags (swingin' off Frank Netti)  
Nicklebags (with their face full of cum)  
Nicklebags (Jockin' my lil homie Young)  
Nicklebags (got them worldwide, dirty ass, filthy ass  
trick inside)

Dum diddy dum now she's looking yum yum

but she's tryin' to pull tight wanna put up a fight  
Shit ain't nobody trippin' watch me get my composure  
I bet by tonight she's doin' drills like a soldier  
Told you oh now there she goes trying to play innocent  
I'm bringin' out the hoe with the best of them  
The rest of them scratchin' off the rest of them  
Never gave a shit I'll make your mom suck dick  
You know what you do why you trying to act stupid  
Ain't no love story I'm the G that killed cupid  
Nothin' but the dog because the dog is what I be  
Why the fuck you gettin' mad man? I call them like I  
see:

If you act like a hoe, you get treated like a hoe  
And if you're supposed to be a trick, catch a mouth full  
of dick  
Got to stay this way all day Sicc, Young, and One calling  
bitches all  
Nickle!

[Chorus]

Now let me sit down on the chair  
baby sit up on the totem pole  
thinking I'm in love but I ain't got no love for this hoe  
Play the role well, give a couple hickeys  
Ya know I'm kinda drunk so you know I can't be picky  
Shoot the sticky sticky wide nut up your mouth  
Take my time do it right work it down south  
and then I'm out, leave without a trace  
18 be legit 'cuz I ain't trying to catch a case  
Now I heard you have a man,  
and your man had a fit,  
baby understand that your man ain't shit,  
but if he wanna trip,  
bring him, he can watch,  
give me just a minute while I hit it non-stop  
And scratch the bitch off like a dog has an itch,  
rule number one:  
Never trust a bitch  
niclebag sluts, nicklebag hoes,  
everybody knows how the story goes

[Chorus]
