Don't wait for me
'Cause I'll be gone
Another victim
Of the gun
The smoke that steals
The air we breathe
Will linger here
'Til people see
People see

The gunpowder shakes
To seal the fate
Of numbers that make
The news for an hour or two
The light in the tunnel
Will be here tomorrow
But dims as we borrow
Time to make a change
Now it's time to make a change
But what can I do?

Don't wait for me
I won't be seen
Another victim
Of disease
The lungs that hold
The air we breathe
Will grasp for life
'Til people see
People see

The cancer remains
And no one is saved
From numbers that make
The news for an hour or two
The light in the tunnel
Will be here tomorrow
But dims as we borrow
Time to make a change
Now it's time to make a change
But what can I do?
