Out in the moonlight  
A river to wash my sins  
Takes me to Heaven's Gates  
With a Hell of a wait to get in

Carry me river  
Down through the redwood trees  
I'm starting to notice this is  
The furthest my eyes have seen

Awake  
And this new longview  
Will set me free

Don't mind the storm inside  
'Cause we all will find our places  
To cut through my clouded mind  
It's reality I'm chasing

I'm heading for somewhere slow  
'Cause I've heard it's better than nowhere fast  
And all that the fireflies won't show me  
Fades to black

Carry me river  
Down through the mountain stream  
I'm burning the midnight oil  
To find a real world dream

Awake  
And this new longview  
Will set me free

Don't mind the storm inside  
'Cause we all will find our places  
To cut through my clouded mind  
It's reality I'm chasing

They said I'm losing my mind  
I say I'm gaining my soul  
They said I'm losing my mind  
I say I'm gaining my soul

Don't mind the storm inside  
'Cause we all will find our places  
To cut through my clouded mind  
It's reality I'm chasing
