

Staci Grim "Injected Rejected"

Visit "[Injected Rejected](#)" on MotoLyrics.com

There is a man buried deep inside these robotic eyes
see the mask hides a faces of lies
With the poison injected and feelings rejected I spiral
downward as I close my eyes
Love is misplaced, disgraced, thrown to rot in its own
waste and smother all that flies
I'm genuinely dedicated to your destruction even if it
means my own demise

Take me out
Put me down
Pull me off my cloud and let me hurt you
Let me hurt you now
Could this be real, or is this another dream of a life I
once loved
I've been pushed to the middle forced to consume the
little till we all fall to dust
Give me my hate back, let me shout about my
problems till the maggots fall to sleep
But I'm alright now, I'm in over my head and I'll drown
when I get too deep

Take me out
Put me down
Pull me off my cloud and let me hurt you
Let me hurt you now

Yea
Sit right back and take a look at what you have turned
me into I am over you, I am over you
Sit right back and take a look at what you have turned
me into I am over you, you fucking parasite

Take me out
Put me down
Pull me off my cloud and let me hurt you
Let me hurt you now

Whisper sweet nothings in my ear about disgust and
fear it takes two to make it circulate
I'll lend my helping hand to push you off the ledge I'm
not the one to manipulate

With these drugs in my hand, the state of mind I am in I
will indulge the first chance I get
I've pulled away today but it's safe to say you'll knock
me down to the ground again

Take me out
Put me down
Pull me off my cloud and let me hurt you
Let me hurt you now

Take me out
Put me down
Pull me off my cloud and let me hurt you Let me hurt
you now
