Another day another fiend being ripped at the seams
sewn together with a thread of lies
Rape the dream, exploit the scene, still maintain to be
obscene another plastic doll dies
This is the last time I will be your charming whore
This is the last time I will ever be ignored

Kill of the ones who adore you never struggle to catch
your breath
Sit back and watch the whole world burn and no more
plastic dolls are left
Kill of the ones who adore you never struggle to catch
your breath
Sit back and watch the whole world burn and no more
plastic dolls are left

I'm a puppet corpse with razorblades for fist dancing
into the apocalypse
Saved the sick with a illusion surfaced hate mostly
confusion only plastic dolls are left.
This is the last time I will ever be ignored

Kill of the ones who adore you never struggle to catch
your breath
Sit back and watch the whole world burn and no more
plastic dolls are left
Kill of the ones who adore you never struggle to catch
your breath
Sit back and watch the whole world burn and no more
plastic dolls are left
