Trust, the bitter sound of time clouds my eyes, leaving
no surprise.

Lies, the sweet taste of another time, in another life.

The clock is ticking as I'm watching my body and it's
turning to dust, now I'm turning to dust
The dead is laughing as I'm falling downwards I am full
of mistrust, I am full of disgust

Now nothing can stand in my way as I fall apart, as I
shatter all over you
Pay no attention to the sleight of hand that will smite
you
That will drop you to your knees

Life, just making sure I'm not another clone, that I won't
die unknown
Death, the only place that I feel at home, where I am
not alone

The clock is ticking as I'm watching my body and it's
turning to dust, now I'm turning to dust
The dead is laughing as I'm falling downwards I am full
of mistrust, I am full of disgust

Now nothing can stand in my way as I fall apart, as I
shatter all over you
Pay no attention to the sleight of hand that will smite
you
That will drop you to your knees

Now nothing can stand in my way as I fall apart, as I
shatter all over you
Pay no attention to the sleight of hand that will smite
you
That will drop you to your knees

Now nothing can stand in my way
Now no one can stand in my way
Pay no attention to the sleight of hand that will smite
you
That will consume you so easily
