

Staci Grim **"The Empty"**

Visit "[The Empty](#)" on MotoLyrics.com

Alive, it's the side of me I always
Hide, and seek to steal what's
Inside, the scars that make you all
Arrive, decide what kills me best

You sold me this love
You sold me this hate
Now tell me I'm the one
The one you love to hate

Come inside
Open your eyes
Satisfied
By the empty surrounding me

Dead, is the only thing left
Unsaid, the question always in your
Head, choking on lies made
Spoonfed, bringing the life to me

You sold me this love
You sold me this hate
Now tell me I'm the one
The one you love to hate

Come inside
Open your eyes
Satisfied
By the empty surrounding me

Come inside, come inside
Open your eyes, open your eyes
Satisfied, your never satisfied
By the empty, by the empty surrounding me
