Red sky...

It's ten past midnight and the only light is coming  
from the pale moon,  
Lighting up this black room, illuminate the loons  
playing with their  
runes,  
Summoning demons from the pits of hell, it's all  
good, I've got a soul  
to sell,  
The ground starts shaking and the shadows move,  
Thunderbolts are raining down, striking with a  
deafening sound,  
I grab my axe, it's all I can find,  
Reality is melting and the darkness rots my mind,  
Oh fuck, no! Here come the demons, crawling across  
the floor,  
I run for the door but I'm caught by a claw, I dunno  
what for,  
But I turn around to see, there's a 10 foot demon  
staring at me,  
With two glowing eyes and to my surprise I swing my  
fucking axe and  
the demon cries,  
Lying under red sky,  
I slowly die,  
Nobody sees the disease in me,  
Screaming and bleeding, don't leave me,  
Lying under red sky,  
I slowly die,  
Nobody sees the disease in me,  
Screaming and bleeding, don't leave me,  
Now it's on, they're all out to get me, they're  
pissed to fuck and I'm all  
outta luck,  
So I grab my bloody axe and run to the graveyard,  
demons chasing, I'm  
running so hard,  
I have to stop and catch my breath, yeah, they're  
nearly on me now, I  
can smell the death,  
Oh my God, is this the devil? One big beast stomps

crashing though  
another level,  
It's raining blood, I'm gonna be dead,  
I look all around and everything's is deep red,  
I swing my bloody axe as they invade and attack,  
I aim for the heads and I hear the skulls crack,  
I'm losing my mind and I start to laugh, this shit's  
fucked up and I  
know I'm on a dark path,  
Slicing up demons left right and centre,  
I'm running at the fuckers swinging at them with my  
axe  
Laughing like a freak, and a creep, and a god damn  
psycho,  
I don't know what the fuck is wrong with me,  
I know I've lost the plot, but that's not a lot.  
Cos now I know...  
This is hell.  
Lying under red sky,  
I slowly die,  
Nobody sees the disease in me,  
Screaming and bleeding, don't leave me,  
Lying under red sky,  
I slowly die,  
Nobody sees the disease in me,  
Screaming and bleeding, don't leave me,
