[Fashion]

Check it , I can make you dance, Make you lay way back  
Fat styles become a stack when I rip up tracks  
Kickin' back, I sit back and puff a Phil  
The cool is so damn chill, freeze MC's at will  
Still be comin' back for motion, can't be stale  
Breakin' sucker niggas off like a press-on nail  
I inhale, I exhale, Now I'm zoning  
Freak a fat flow from night 'til the morning  
She gonen, cause I fuckin' stole that witch  
Swept you home like a broom, then I roll that witch  
Switch over to the right hand or back to the left  
See, whichever one I use, yo, it still spells def  
D-E-F, And I do work with these  
Lift a chick with my dick like I'm Hercules  
Jerk me please, help me let off some of this cream  
Comin' down on you in drops just like pieces of a  
dream  
Seems like I am a mother, so word to me  
Burnin' mother-fuckin' rappers in the third degree  
Servin' thee, or a so-called superstar  
Cause no matter who you are, you still catch a bullet  
scar

[V.I.C.]

Click, click, BAM! Let off a couple  
One for the beef, two for the trouble  
Three for my niggas that are ready to set it  
World's famous...Man, forget it

[Psycho Les]

Still livin' foul, yo, ain't nothing changed  
So I'm a hit you with a rhyme-shot at point-blank range  
But still hardcore and everything that goes with it  
Gettin money plus I'm bagging all the ho's and shit  
To the critics, tryin to sweat the life I live  
I got a fully loaded clip and no love to give  
So don't stress me, cause I aint tryin' to hear that trash  
Come test me and I'ma have to bust yo, bust yo, bust  
yo...
