You're my gun in my world war three
You're all the bullets I need
I've been dreaming about you girl
Have you had nightmares of me
Maybe one day we'll decorate a house
And you can carpet my floors
All day we'll stay inside
Don't wanna go outdoors because it's
One day closer until I end this life
And I don't mind you smiling all the time
Coz it's high times fine times when you're on my mind
And it's one day close until I end this life
You're my ace in my fifty-two deck
You're all the winnings I need
I've been roaming around the same old streets
You're making my heart bleed
Maybe one day you'll know how much I care
Times it by ten and you're there
How long you gonna make me wait
I guess you don't even care because it's
One day closer until I end this life
And I don't mind you smiling all the time
Coz it's high times fine times when you're on my mind
And it's one day close until I end this life
I don't mind I don't mind
Don't mind you don't mind you I love you
You're my gun in my world war three
You're all the bullets I need
