Come back back to me the more you drift away the less
I see
That winter sun
Is calling
The children say, sit in the forest and they will have
there day

The corners nearly taken
The show is nearly over
The crows are floating on the scene
Another sad story, wishing that it was me
Another bank broken

Come back to me
Come back to me X3

We had it all, we never had to take another voice, into
the fold
We never
Wrap me in waves, so I can feel how dry my mind has
been
Unlock this cage forever

Come back to me

Come back to me, the tracks they arn't as fresh as they
once were
The summer sun was turning
The children cry, sit on the fence and watch the world
go by

Come back to me
Come back to me X2

We had it all, we never had to take another voice, into
the fold
We never
Wrap me in waves, so I can feel how dry my mind has
been
Unlock this cage forever

Come back to me

The corners nearly taken
The show is nearly over
The crows are floating on the scene
Another sad story, wishing that it was me
Another bank broken

We had it all, we never had to take another voice, into
the fold
We never
Wrap me in waves, so I can feel how dry my mind has
been
Unlock this cage forever
